*The [song](#) Shano Shano from Yuvvraaj that's topping the charts these days has been choreographed by Shiamak Davar.*

Shiamak's association with Subhash Ghai goes back to the easy camaraderie they shared during the making of Taal and more recently, during the making of the contemporary track My Wish Comes True from Kisna. He has choreographed Salman for many Bollywood shows, but this is the first time they've worked together for a film. Shiamak got Salman and Zayed Khan to swing to his moves. The song also features Amrit Maghera, and a troupe of sinuous Russian [dancers](#).

Speaking about his experience of working with Salman, Shiamak says, "Salman is a thorough professional. He is very quick to pick up the dance steps, and improvises to improve the shot.

The entire unit loved him and my dancers are also very fond of him."
